Nonsurgical, noninvasive, pain free ways to look younger and feel more refreshed.

These special, holistic high tech treatments might be the best thing you have done for yourself. They make a great holiday, birthday or anniversary give for a loved one or close friend.

Improve the health and appearance of your skin with a *painless* non-surgical, non-invasive technique.

The best candidate is a man or woman who wishes to maintain or gain a youthful appearance.

These procedures are proven safe and effective, delivering results at a fraction of the cost of traditional procedures.

These procedures provide instant recovery, patients report extra energy as a side effect and there is no harmful anesthesia.

Most treatments are 30 minutes or less (Micro Dermal Abrasion is 45 minutes and butt lifts are between 45—60 minutes).

Results can be seen in as little as 1 session and the benefits are cumulative.

Nonsurgical, noninvasive, pain free way to look younger and more refreshed.

Your rejuvenation begins as soon as you step into our tranquil office where you are welcomed with soft relaxing music, a friendly smile and an offer for a cup of herbal tea.

Cost is \$125.00 per session OR you can do a block of 10 for \$1,000.00 (a \$250.000 savings) for the face-lift. Most people will need up to 20 treatments for the muscles to be “retrained”. Everyone’s skin is different and you may need more of the initial treatments. A maintenance schedule of every 3-6 weeks is recommended and of course...boosters for those “special occasions”. You can opt to buy a series of 10 for this too! Body Sculpting will be \$100.00 per session, butt lifts will be \$150.00 per session. Micro Dermal Abrasion is \$125.00 per session OR you can do a block of 5 for \$500.00 (a \$125.00 savings).
